## BROTHER AND SISTER ARE HURT

Rex and Rita Readle Suffer Painful  
Injuries in Runaway Accident  
West of City.

### ON THE WAY TO SCHOOL TODAY

Boy is Hurled Into Barb Wire Fence  
And Severely Cut—Buggy  
Demolished.

While coming to this city to attend school this morning, Miss Rita Readle and her brother, Rex Readle, were thrown from their buggy and severely injured when the horse frightened. Miss Readle suffered several painful bruises, while Rex was cut on a barb wire.

The two young people started to Rushville this morning from their country home a few miles west of the city to go to school here. The horse, which was one of the "family" variety, frightened at a piece of paper which was carried down the road by the wind. The horse dashed to one side and threw the two occupants out.

Rex Readle was more seriously hurt than was his sister. He was hurled a distance of several feet and thrown into a barb wire fence. His hands, arms and shoulder were painfully cut, but there will be no serious results. Rita Readle escaped any cuts although she was badly bruised and shaken up by the fall.

The horse which they were driving was considered to be very gentle. Members of the family that have been driving it for years say that it had never scared at automobiles or any of the modern things that are calculated to cause animals to run away. The buggy was completely demolished.

The father of the two young people was killed in a runaway accident a number of years ago. He had a colt tied to the back end of a cart in which he was riding. The animal jerked and turned the cart over, causing his death.

## HAS ALSO WRITTEN CIVIL WAR DRAMA

W. H. Ball of Indianapolis, Son of  
Ephriam Ball Has Other Plays  
to His Credit.

### TO BE PLAYED IN INDIANAPOLIS

"Vindicated," a civil war drama, written by William H. Ball of Indianapolis will be produced next season when "The Forty-Niners," a play based on the hardships of two Pennsylvania families which made the trip to California when gold was discovered there, is produced, says the Indianapolis Star. "Aneta, the Little Rebel," also written by Mr. Ball will be presented at the German House here Friday night. The civil war drama pictures Southern life on a plantation owned by a vicious slave driver, who, in a fit of anger, ties his daughter to a whipping post and beats her. His plantation later is ravaged by Sherman's army. Mr. Ball now is competing in a prize contest conducted by Jene Hughes of New York, for the best vaudeville sketch to be given by Edwin Connelly, who recently appeared at the Grand opera house in "Sweethearts." Mr. Ball's "Little Rebel" is a Spanish war drama founded on scenes in Cuba.

## ROBBINS BROUGHT BACK

Change Charge to That of Assault  
And Battery.

The case against Philip Robbins, charged with wife desertion was dismissed this morning in Squire Kratzer's court because it could not be proved that a crime had been committed. After dismissing the case he was re-arrested for assault and battery and was fined five dollars and costs. Robbins was released on suspended sentence. There was an argument as to whether Policeman McAllister had the proper power to arrest the man in North Vernon and bring him back. It was on this ground that the first case was dismissed.

## CALLAWAY FINED FIVE AND COSTS

Tried Before Squire Kratzer Last  
Night For Assault and Battery  
on Gus Wilkinson.

### WENT TO JAIL FOR 15 DAYS

Charles Callaway was fined five dollars and costs last evening by Squire Kratzer for assault and battery on Gus Wilkinson. Callaway has had charge of a popcorn machine at Main and Second streets for Wilkinson and in a controversy following a settlement last night Callaway struck Wilkinson. He pleaded guilty and in default of payment will remain in jail for fifteen days. Callaway is a nephew of Mr. Wilkinson and was formerly in the regular army, coming here to work from Ft. Benjamin Harrison. He had served his time in the army and was discharged several months ago. Mr. Wilkinson was injured only slightly in the fight.

## STRAY DOG KILLS 22 YOUNG LAMBS

Earl Priest Heavy Loser as Result of  
Slaughter—Much Complaint  
From Over County.

### MUST PAY DOG TAX SATURDAY

A stray dog killed twenty-two lambs belonging to Earl Priest, southwest of the city. He found the dog while the slaughter was going on but was unable to kill the animal. There has been much complaint from various parts of the county about the loss of stock from dogs.

The dog tax collections are coming in slow and in this city and township there are about one hundred dogs which have not had their taxes paid. Saturday will positively be the last day to pay this tax and all those not paid for will be turned over to the prosecutor Monday morning. Each day that the tax is not paid constitutes a separate offense and the offenders will be punished accordingly.

## POCAHONTAS TO GATHER HERE

District Meeting of the Order Will be  
Held in This City Friday  
June 2.

### MAHONING COUNCIL, HOSTESS

Ten Counties Will be Represented and  
Large Class Will be Initiated  
by Teams.

Daughters of Pocahontas from all over this district, which includes ten counties, will gather here for the annual meeting of the district lodges on Friday, June 2. It is expected that there will be a large number of women as well as men for the occasion as there are thirty-eight lodges in the district. The meeting will be an all day and an all night affair, that is if there is the number of candidates to be initiated as is now anticipated by the local members.

Candidates from all over the district will be initiated at this time. Each lodge is allowed to furnish as many candidates for the work here as they can get. For that reason it is expected that there will be a very large class upon which degrees will be conferred.

The members of Mahoning Council, No. 36, of this city will be hostesses for the district meeting. All of the sessions of the meeting will be held in the new Red Men's wigwam in West First street, which was completed only about a year ago.

The work will be conferred by the degree teams from Mahoning council of this city, the Wheat Chief council, No. 257, of Shelbyville and the Conowings council, No. 104, of Brookville. It is believed that there will be enough work for all of the teams since there will be no doubt be a large number of candidates. The members of Mahoning council are trying for a class of twenty-five members.

Mrs. Mattie Worth, Great District Deputy, of this city, has charge of all of the arrangements for the meeting. Mrs. Nancy Diggs of Muncie, Great Pocahontas of the State, will attend the sessions. It is expected that most of the Great Chiefs will be here for the meeting.

There will be no social functions in connection with the meeting as all of the time will be devoted to the business of the district. The morning will be taken over for the meeting of trains and the reception of visitors. It is expected that most of the afternoon and night will be consumed with the business and initiation.

The counties in the district are: Fayette, Franklin, Wayne, Shelby, Putnam, Decatur, Bartholomew, Henry, Grant and Rush.

## COCKLE SAID TO BE IN WHEAT

Best Plan is to Pull Weed Out Before  
Cutting.

There is a noticeable amount of cockle in the growing wheat, far more it would seem than has ever infested fields before, says the Greensburg News. Millers and grain dealers say the presence of cockle in wheat is one of the most serious drawbacks to the sale of it. A heavy dockage price is necessary when there is much cockle in the grain. None of the cleaning machines seem to be able to eradicate this evil. The best way to get rid of the troublesome seed is to go through the field at this time and pull up the cockle plants by the roots. Every careful farmer will do this.

The clinging skirt with the straight lines is still a favorite.

## TO BE FINISHED IN VERY FEW DAYS

Tabernacle is Nearing Completion  
And Will be Ideal For Purpose  
is Being Built.

### COTTAGE MEETINGS TONIGHT

Volunteers Work With Vim That  
Predicts Success For Coming  
Revival.

If as much progress is made on the tabernacle tomorrow as was done yesterday and today it will no doubt be completed by Friday or Saturday. The volunteers today were even more promiscuous than they were yesterday and consequently much more work was done. Men are entering into the enterprise with a vim and industry that predicts success for the coming meeting.

The roof and siding was practically all completed today. The roof will be covered with tar paper so as to protect the audiences from rain. The building is being built so that the ventilation will be ideal and that the room will be as cool if not cooler than the open air.

The floor of the tabernacle will be leveled off smoothly and will be covered with sawdust. There will be seven entrances, including the two "stage" doors which will be used by members of the clergy, choir and the evangelist. From five of the entrances aisles will be run diagonally and straight toward the stage which will be built on the north side of the building facing south. Ample room will be provided for the choir and the seats will be terraced, forty, fifty, sixty and seventy inches above the stage floor respectively. That part of the stage which projects out beyond the line of posts will be used as the speakers' stand and the place for the various ministers of the city.

The seats will be so arranged as to best hear and see the speaker. The seats on the south side of the building between the diagonal aisles and between east and west aisles will be northeast and northwest respectively. Those on the north side of the straight aisles which lead through the center of the tabernacle will be run north and south or a right angles with the stage. A small room for the janitor will be built in the northwest corner of the building and another for mothers to care for their babes will be arranged in the northeast corner of the tabernacle.

The plans for ventilation are excellent. The roof over the stage will be raised about two feet so that a space for ventilation may be had there. A space of about two feet at the top is left open all around the side of the building and the audience will be protected from the rain by the projecting eaves. The same plan is used where the slanting side roofs join on to the main section of the building. Benches will be provided for seats.

A good attendance is urged at the prayer meeting which will be held in the First Baptist church tomorrow evening. The meeting will be led by the Rev. J. W. Turner.

The following will be the places and leaders for the cottage prayer meetings this evening: G. P. McCarty's home, S. C. Conner, leader; Will Mulno's home, L. T. Downey, leader; James F. Gillespie's home, M. Green, leader; V. C. Bodine's home, Miss Sadie Williams, leader;

## THE WEATHER

Fair tonight. Thursday increasing cloudiness. Probably showers in northwest portion.

Frank Reynolds' home, E. B. Thomas, leader; B. M. Reynolds' home, Mrs. A. W. Jamieson, leader; Mr. Ihle's home, Mr. Kaster, leader; John F. Moses' home, F. R. McClanahan, leader; James F. Gillespie's home, James F. Gillespie, leader; S. H. Trabue's home, W. Allen, leader; Mary Arnold's home, A. C. Brown, leader; Mrs. J. R. Carmichael's home, Ames Lock, leader; Ed Darrell's home, F. B. Stearns, leader, and a meeting with Capt. Enoch of the Salvation Army.

## WATSON SPEAKS TONIGHT

Will Address Wholesale Grocers at  
Annual Dinner in Indianapolis.

James E. Watson went to Indianapolis today to speak at the annual dinner of the National Wholesale Grocers Association which will be held in the Claypool hotel this evening. Gov. Marshall, Senator Kern, Charles W. Fairbanks and other men will be on the toast list. The wholesale grocers have been holding their annual convention there since the first of this week.

## IMPROVE GROUNDS AT COUNTRY CLUB

Officers Have Veranda Built Around  
Club House and General Cleaning  
Takes Place.

### TENNIS COURTS IN CONDITION

The members of the Rushville Gun and Country club who have not visited the grounds east of the city yet this season will be more than surprised to note the improvements that have taken place there. A wide veranda has been built all around the club house which will afford visitors an excellent opportunity to view tennis games out of the sun's hot rays. The club house has been repainted and a general cleaning up and repairing has taken place. The tennis courts are being put in condition and an early revival of the popular sport is predicted. It is planned to build a bath house for women near the river so that they will have opportunity to swim where the platform and steps have been built out into the water.

## FACTORY WORK IS NOW UNDER WAY

Ground Has Been Broken and Foundation  
Will be Completed in a  
Short Time.

### MANY WORKMEN ARE NEEDED

Activity in building is not only being displayed where the tabernacle is being built. A force of men are now at work out on the Stewart and Tompkins addition to Belmont preparing to erect the new furniture factory, where the local company of men will manufacture furniture. Ground has been broken and work will be rushed just as fast as is possible. The builders can use many more men than they are now employing. The switch from the Pennsylvania railroad has not yet been installed, but that is expected to take place in a few days. Preparations are now being made to put in the foundation building and after that is completed it is predicted that the factory building will go up quickly. A. L. Stewart of the company is superintending the work.

## CITY PLANS TO DIG MORE WELLS

Council at Special Meeting Decides  
That Will be Only Solution to  
Present Problem.

### METERS ARE NOT PRACTICAL

One Will be Dug in North Part of the  
City, Probably in the  
Park.

At a special meeting of the city council last night the installation of water meters was decided not to be the best plan for abating the present water troubles and plans were laid for digging new wells as a solution of the problem.

It was finally decided that one well should be dug at once in the northwest part of the city. The place for the well will be decided on in a very short time. It is likely that it will be located in the city park. If the well proves to have a four or six inch flow it will supply the city with enough water to keep the supply becoming too low before more wells can be dug. It was the consensus of opinion that the only way to solve the problem was to get a greater supply of water. The installation of meters, it is believed, would be too costly.

The plan suggested at the meeting the other night was to dig a well in the northwest part of the city and supply it with an electric pump. It was suggested that the well be connected to the mains in that part of the city and that the water be pumped in only when needed. This will not be the plan when the first well is dug. It will be connected with the plant and the water will be run directly to the reservoir as is done with the wells that are now being used.

It is likely that Rushville patrons will have enough water for ordinary use before another extremely warm stretch of weather comes. Of course, as members of the city council have expressed it, it would be impossible to keep the water pressure good if the patrons of the city waste it. The city council plans to keep a close watch on the water patrons and any violations of the rules will be summarily dealt with.

The order which went into effect last Saturday is still in force and will be until the new supply is obtained. The council has ordered that street sprinkling be done only for two hours in the morning and evening and that no gardens be watered with city water. The violation of these orders will result in the water being turned off at the gutter.

## C. H. CLINE GETS DIVORCE

Pays Costs of Case and is Granted  
Decree at Once.

Charles H. Cline of this city was this afternoon granted a divorce from his wife, Mahala M. Cline, in the circuit court. Cline alleges numerous things. Cline paid the costs of the case at once and was given the divorce. He was represented by J. W. Arbuckle, and Wallace Morgan appeared for the defendant.

### OFFUTT WAS NOT ARRESTED

The police are contemplating arresting Paul Offutt for violating the speed ordinance but as yet have not done so and have not even filed an affidavit. If the arrest is made the case will be on the order of a test case. It is said Offutt was driving in Main street not less than 40 miles an hour.

## Instant Relief for Catarrh, etc.

People who have suffered with itching, bleeding piles for 20 years have been completely cured by a 10-cent box of Plex, "the quick-healing salve." Relief in one application. This may sound "stretched," but a 10-cent box of Plex will show you that it is a fact.

Plex is a wonder-working, penetrating ointment. It destroys germs, cleans and heals quicker than anything else you ever heard of. A big box for 10-cents, and it has a hundred uses in every home.

A few applications conquer eczema, dandruff or other skin troubles. Repairs sore, stiff muscles like magic. Cures croup and sore throat. Splendid for catarrh. Has no equal for sore, itching, sweaty feet. Best thing known for cuts, etc.

Plex (10c) is the biggest household bargain you were ever offered. Your druggist has it or can easily get it for you. Sent prepaid on receipt or price by the O. C. Co., Terre Haute, Ind.

Scientific research has disclosed that Cleopatra was the first woman to wear a hobble skirt. Hieroglyphics on the newly excavated building blocks in Egypt show the famous queen in a gown drawn so tightly about her ankles that one wonders how she walked at all.

**A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS TURNING**

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until its dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp the F. E. Walcott Drug Store on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city secured the agency for the remedy. This remedy is ZEMO, the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Rushville by F. E. Walcott.

## DANDRUFF, FALLING HAIR STOPPED

Harmless, Old-Fashioned Remedy Brings Back Color to Gray Hair and Makes It Grow.

How many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old-time, tried remedies. For instance, for keeping the hair dark, soft and glossy nothing equals our grandmothers' "sage tea." Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

N nowadays, when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Hargrove and Mullin, Druggists.

Affairs of Divorced Couple Again Attracting Public Notice.

## MRS. JACK CUDAHY IS BEREFT OF CHILDREN

But She Has Not Given Up Fight for Their Possession.

Los Angeles, Cal., May 24.—Mrs. Jack Cudahy is bereft of her children. They are believed to be on the way to Chicago in charge of Mrs. Michael Cudahy, their grandmother. The children, Edna, aged ten; Marie, eight; Elizabeth, six, and Michael, three, had been in a convent near Alhambra, Cal. Yesterday as their mother was starting to the convent, she learned that they had been taken away. There have been many differences between Mrs. Jack Cudahy and Mrs. Cudahy, sr., over the proper care of the children. The mother is preparing to follow them to Chicago.

## LAST LEGAL HANGING

Kentucky's Historic Gibbet Set Up For Its Final Cruel Job.

Lexington, Ky., May 24.—Fayette county's scaffold was taken from the courthouse attic and shipped to Frankfort for the execution tomorrow evening of Roger Warren, a negro convict who murdered a fellow prisoner.

Warren will make the twenty-sixth man to pay the penalty of crime upon this scaffold, which was built by Edward Faught, now a resident of Covington, and under whose direction it was removed from Lexington and is to be set up in Frankfort.

The hanging of Warren probably will be the last legal execution at the end of a rope in Kentucky. The electric chair at Eddyville is soon to be ready for use.

## DEMOCRACY'S ISSUES

As Outlined by Mr. Bryan Before New York Legislators.

Albany, N. Y., May 24.—William J. Bryan told the legislature in a joint session of the senate and assembly, convened especially to hear him, that the federal income tax amendment, direct primaries and the popular election of United States senators were the issues upon which a harmonious Democracy would make the whole nation a better place to live in. Mr. Bryan left Albany today on his way to the Mohonk peace conference.

## THE MISERY OF WAR.

For hundreds of people growing rich out of war hundreds of thousands are made poor and miserable. In 2,000 years 961 battles were fought, which have cost about 6,000,000,000 human lives. England spends \$100 a minute for military purposes. Half a billion homes were devastated in the civil war of this country. The Hague peace conference may not exercise great influence, yet it can do only good in educating the conscience of the civilized world against war. The fact is that war is steadily declining. In the seventh century slaughter of men was the only occupation of repute. To drink wine from enemies' skulls, to kill captives, to ravish and slaughter captured women, to burn old people and children, was considered legitimate warfare in the middle ages. In the nineteenth century, in spite of improvement of instruments of destruction, the loss of life by war in Europe has not exceeded one out of every ten thousand annually, while a thousand years ago one of every hundred was a low estimate.—Rabbi Emanuel Schreiber of Philadelphia.

# TWO SPLENDID FARMS FOR SALE

An Opportunity to Buy Some of the Best Producing and Best Located Land in Eastern Indiana

In order to effect a final settlement of the estate of the late Daniel Morrison, there will be offered for sale under the sealed bid plan two excellent farms of 250 acres each, situated three miles north of Connersville, Fayette County.

## THE MORRISON FARM.

The Morrison farm of 250 acres (more or less) lies along the Connersville and Milton pike. It ranks as one of the finest farms, not only in Fayette county, but in this section of the country. This farm is improved with two large barns, a good house and all necessary farm buildings.

## THE BROADDUS FARM.

The Broaddus farm, which is also owned by the Morrison heirs, comprises a tract of approximately 250 acres adjoining the Morrison farm on the west; is equally fertile and well improved with farm buildings. This farm is situated on the Harrisburg pike.

## LOCATIONS IDEAL

The locations of these two farms is admirable. Both are along excellent roads and are within easy access to the city of Connersville. There is no waste land on either farm and both are what could be rightly be called ideal property.

## SEALED BIDS WILL BE RECEIVED

Sealed bids for either or both farms will be received up until two o'clock P. M., Tuesday, June 6, 1911, and should be addressed to the Morrison Heirs, in care First National Bank, Connersville.

The heirs reserve the right to reject any or all bids.

## TERMS OF SALE

The farms will be sold on the following terms, viz: Either cash or one-third cash with the balance arranged in payments to suit purchaser, same to be evidenced by notes and secured by mortgage on the real estate sold.

## INSPECTION OF FARMS INVITED

Prospective purchasers are invited to inspect the farms at any time.

Detailed information will also be gladly given by Mrs. E. K. Wetherald, Connersville, Ind., or Mr. George W. Morrison, 317 North Pennsylvania Street, Indianapolis. Correspondence invited.

## LONG STEP FORWARD IN PEOPLE'S BEHALF

New York Given Drastic Cold Storage Law.

Albany, N. Y., May 24.—By a vote of 35 to 2 the senate passed the assembly bill regulating cold storage warehouses and the sale of cold storage food. The bill provides that the new law shall apply to all foods excepting nuts, fruits, cheese and vegetables.

Hereafter it is unlawful for a cold storage house to receive any kind of food which is not in an apparently pure and wholesome condition. It is to be marked with the day, month and year when received for refrigeration, and such food shall also be stamped with the date when it is removed from the warehouse. The bill further provides that foods shall not be kept in cold storage for a longer period than ten calendar months, except that butter stuffs may be kept for twelve months. It is further provided that cold storage foods when sold shall be so represented.

## MURDERED FOR PEARLS

Four Successful Pearl Fishermen Found Dead in Kentucky Backwoods.

Campton, Ky., May 24.—The Letcher county authorities are investigating what appears to be a quadruple lynching of four pearl hunters who made successful finds in the Kentucky river.

It is reported that the nude bodies of the four men have been discovered swinging to a tree in the woods in a deserted part of the county. Dr. F. H. Lewis identified one of the victims as J. W. King, a pearl hunter, who a few days ago dug up a pearl from the river bank valued at \$1,000.

The other three are said to have hailed from Oregon, and it is believed that they were murdered by men who robbed them of their pearls.

## TERSE TELEGRAMS

Andrew Carnegie has promised Belgium \$250,000 to establish a hero fund.

The French aviator Vialard fell with his machine at Bucarest and was killed.

The aviator Laemmlein, while operating an aeroplane at Strasburg, fell a distance of 200 feet and was killed.

The delegates to the imperial conference from the over-sea dominions of the British empire have begun their sessions in London.

The senate has abandoned the experiment of meeting at 2 in the afternoon, by an almost unanimous vote, agreeing to resume the meetings at noon.

Frank E. Heidmann, the Asbury Park florist who killed ten-year-old Marie Smith last November, was electrocuted at the New Jersey state prison last night.

Miss Ruby James, sister of Representative Ollie James, now is a full fledged Kentucky lawyer, having successfully passed an examination and been admitted to the bar at Hopkinsville.

A syndicate of Boston gamblers is fleecing the people of Lynn, Mass., out of \$2,000 a week in baseball pools, according to the statement of the mayor of that city, who says it has got to stop at once.

The senate has passed a resolution calling on the department of justice for information as to whether any steps have been taken by the government looking to the prosecution of the Standard Oil company for violation of the criminal provisions of the Sherman anti-trust law.

## WYETH'S SAGE AND SULPHUR HAIR REMEDY

The Only True Hair Restorer, Tonic and Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Remedy. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WM. WESTLAKE,  
210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR REMEDY is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR REMEDY will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR REMEDY is guaranteed to do all that it is claimed to do or the price will be refunded.

## OBITUARIES.

The Republican will have to make a charge of one-third of a cent a word for ALL obituaries on account of the high cost of composition. Count all the words and send the cash with the obituary when mailing or same will not receive attention.

The anti-trust law seems like the Chinese statute that forbids all improper conduct.

Some folks get excited and say they hope for better things when confronted with the word reasonable.

If not a sacrelige we would move to amend the old hymn to make it read: "December's more pleasant than May."

Some politicians are such small-bore that they can not see even as big a thing as the Illinois deep waterway.

Now that Dr. Wiley is protecting mince pie, we shall pay our taxes this year with the feeling that we are getting our money's worth.

If lumber interests are not in monopolistic combinations there is not the slightest danger that anything unreasonable will happen to them.

In some parts of the world "A Hot Time" is supposed to be the national hymn of the United States, but it wouldn't be safe to serenade Congress with it at this session.

The trust may take up the whole road, but there's a big policeman who says the common people shall occasionally have a chance to walk on the sidewalk.

Congressman Konig of Maryland says the members of the House look "oily, wilted and unkempt." Evidently the stable boy has been negligent in his use of the curry comb.

The Lorimer case is re-opened. We shall be satisfied if this result in listing legislators on the stock exchange, where the public can know the daily quotations along with Steel and Reading.

The Atchison Globe man says that when a popular society gives an entertainment, you must either take part or buy a ticket. Our frequent experience has been that one has to do both.

Louis Brandeis is trying to produce efficiency in the postoffice department. The first thing would be to have a watchman go around the department regularly once an hour and wake up the clerks.

Senator Raynor would have the world to understand that the Monroe doctrine has no aggressive significance. In other words, it simply means that Uncle Sam believes in a "live and let live" policy.

Sculptor Lorado Taft says there are more statues in Washington than were produced in Italy in the entire renaissance period. We would not mind buying one or two for the back yard to hitch clothes lines to.

President Taft sent a telegram of congratulation on King Alfonso's 25th birthday. This is better than getting up a surprise party, and happening around while Alfonso was loafing in his flannel shirt and carpet slippers.

An Iowa congressman has introduced the Golden Rule in the form of a national resolution. Mr. Bryan, who is acting in an advisory capacity in Washington, has not yet challenged it as a new goldbug scheme.

It's passing strange that when one man has been bluffed by any number of people that most anyone is willing to take a chance at "calling him down." So it is that everyone throws a brick at the dog that sticks his tail between his tail and runs. The dog looks guilty.

One of the causes of high cost of living today, is the easy going custom of ordering by mail and it is the testimony of experts that even the butcher never gives the same value to the telephone order that is given the customer who visits the store and sees the goods.

It is not impossible to get a good bargain by looking at a mail order catalogue cut. The photograph conceals more than it reveals. One glance at the goods would show the tawdy and flimsy character that the picture never suggests.

Even the personal visit to some metropolitan store, in the midst of a hurried shopping or sight seeing trip, does not give the chance for the close inspection of the goods you can make in our home stores.

Judicious and profitable shopping takes time. You can do it to advantage only when you feel free to talk and look as long as you want to. The purchase in the home store is apt to be carefully planned and adequately disensed. The purchase from a mail order house is made blindfolded. The purchase made personally at the distant metropolitan store is made in haste and repented at leisure.

The Indianapolis Sun is angered by the effort to harmonize the various elements of the Republican party in Indiana, says the Marion Chronicle. It is against "the control of the party machinery by politicians" although last year it was in full sympathy with the most arbitrary machine oligarchy that was ever loaded on a political party—an oligarchy under the sway of which one politician wrote the State platform to the last syllable, appointed the officials of the State committee, selected every speaker who was to appear upon the stump in the State and made the late lamentable Nero look like a benevolent despot. And now the Indianapolis Sun, which represents this type of politics, especially in its affiliation with the most corrupt and corrupting of all the special interests in Indiana—the brewery machine—says: "There can be no harmony between the factions of the Republican party. You can not mix oil and water. \* \* \* This talk about harmony is a waste of words. There is no such thing possible." In other words, unless the brewery machine can control the Republican State organization and the Republican State platform the Sun and the type of politics and politicians it represents may be depended on to join the opposition. But the Sun goes on to say: "Let the decision be made by the people, not by politicians." That undoubtedly will happen. The people of Indiana, the rank and file of Republicanism, whose will was subverted, whose voice was stifled in the last Republican State convention by the brewery politicians and brewery organs, will write the next Republican State platform. It will not be written by one boss two days in advance of the State convention and handed over to the Associated Press on the assumption that a lot of puppets in a resolution committee room will swallow every line of it. Matthew S. Quay did about that thing in Pennsylvania, but his work was smooth, not coarse—he was a boss, but a boss with brains. The Sun is right also when it says: "The people are not going to tolerate any more

acrobatic stunts whereby the party tries to ride two horses running in opposite directions or resolves itself into a sideshow where the main attraction is a two-headed girl." The people proved that in the last election, when the Republican party in this State—or a little bunch of bosses for which the Sun speaks—tried to straddle the one issue that was of more interest to the people than all the things real and imaginary over which the four-flusher school of statesmanship attitudinized and agonized. If the Sun wants to witness the spectacle of the rank and file of a party rising up and naming the State organization and writing the State platform, let it keep its eye on the Republicans of Indiana as the year 1912 approaches. The era of boss government and of government of the Republican party by special interests is over, and the threats of the organs of bosses and special interests like the Sun will not stand in the way of this consummation.

## EDITORIALETTES.

By way of apology: This stuff is the best we have even if it seems punker than usual today. Give us a chance.

We hung it on two monster flies of the Belgium breed today. Necessary to dig a hole to bury them.

There must be a connecting link of sympathy between youthful lovers. When the boy gets hurt, then the girl goes and gets in an accident too.

Djever stop to think what it would mean to the world if every body in it would kill just one measley fly each day. We suppose there are about ninety-three million people in it (we never counted them). Multiply that by one hundred and fifty, the number of days that flies exist during the summer months. That would make about 13,950,000,000. Make several dry loads, wouldn't it?

We have an anxious subscriber who wants to know if a robin will rob a cherry tree. We once heard that Katy did.

Without meaning to pass out any observations on things we know nothing about, it really seems that too many family skeletons are wearing those close fitting frocks.

Mrs. Ida Husted Harper says the idea of trousers originated with women. But man invented the creases, Ida. Be fair and give 'em all that's coming.

## What Our Neighbors Are Talking About

### CORN IN HER EAR.

(Shelbyville Democrat.)

Few people would care to carry a grain of pop corn around in their ear for a period of eleven years, but Miss Opal Whaley of this city, has been doing that very thing. It was not from choice, however, as the grain of corn became lodged in her right ear when she was a tiny child, only two years old. Today she is free from the grain of corn and the suffering it entailed, for it was dislodged from her ear most unexpectedly yesterday morning while she was on the way to school at the Franklin street building where she is a pupil in the eighth grade. From the moment the grain of corn entered her ear she was troubled with deafness, but it is believed she will now speedily recover from that affliction.

### WORK HOUSE FOR SURE.

(New Castle Courier)

The county council in special session this morning appropriated \$800 for the expense of the new workhouse. The addition to the fund will provide for the erection of a stockade around the yard in the rear of the jail and in addition will pay the salary of the workhouse superintendent.

Following the recommendation of the recent grand jury the council made an appropriation of \$1,000 for the painting of the buildings at the county farm. The buildings aside from the need of a painting both inside and out are in a splendid state of preservation.

## ABOUT RUSH COUNTY PEOPLE IN ROSWELL.

Myron Ball, son of Mr. and Mrs. James Ball, graduated from the Roswell high school last Thursday in a large class. He has completely regained his health.

An orchestra is being organized at Orchard Park, where most of the Rush county delegation is located. The musicians in the family of Mr. and Mrs. Andrew Guffin make up the greater part of the organization.

Rush county people in the Pecos valley report that the great amount of rain there this spring has made the crops look exceedingly well. Alfalfa is being cut the second time and it is thought that it will be possible to get six crops this year. The apples, so it is declared, are as large as hen eggs and the trees are already breaking under the heavy load. Cherry picking has been on in earnest there for three weeks. Ripe strawberries from that district have been on the markets for two weeks.

A reception was given the newcomers from this county at Orchard Park one day recently. The guests of honor were: Mr. and Mrs. Herman N. Tompkins, Mr. and Mrs. Andrew Guffin and family, Mr. and Mrs. A. J. Newsome and Mr. and Mrs. Charles Newsome. There were about eighty in the party and they had a very enjoyable time. Music was furnished by the Guffin orchestra.

Nick Tompkins, who is known to all local fans has been "acting up" considerably on the Roswell team. The newspapers there comment on his playing at length. Tompkins has been holding down the third sack with credit to himself and Rush county. Here's what one base ball dopest says about him: "Tompkins on third is a hard worker and besides being a good batter, can out-worry any umpire I ever saw." The write-ups of the games show that Nick has been doing most of the hitting and many of his bingles have been for more than one base.

Andrew Guffin has completed his new home west of Orchard Park and the family is now living there.

George Sharer has a motor and bicycle store in Roswell and is doing an excellent business. He has wholly recovered his health.

Mr. and Mrs. Herman Tompkins have completed a new home in Orchard Park and are very well pleased with the country.

The next excursion to Roswell will leave this city on Friday, June 6, at 10:47 over the C. H. & D. railroad. Carl V. Nipp and Albert L. Allen will accompany the excursion. They have quite a number from different parts of the State going. The party will have a special car from Chicago.

## TO CATCH 'EM BY PHONE.

The police force, Mayor Hankins and many citizens look favorably on a plan just proposed to them by an Indianapolis inventor to prevent Sunday sales of liquor in saloons, and to preserve order there, says a Connersville dispatch. He has applied for a patent on an apparatus similar to a telephone, which would connect every saloon in the city with police headquarters, and which would make the faintest clink of a glass or the lowest tone of voice audible at the other end of the line. The cost of these arrangements, he says, would be little more than that of telephones.

## EARLHAM FUND IS \$1,600 BIGGER TODAY

Yesterday it Closed at \$19,431 And in One Day Reaches \$21,031.

## MOST FROM HAMILTON COUNTY

Reports From Other Districts Over State Are That Splendid Success is Made.

The Earlham College fund is \$1,600 higher today than yesterday, reaching \$21,031 this afternoon. Yesterday it closed at \$19,431.

The substantial increase was due altogether to Hamilton county, in which V. D. Nicholson and Tom Jones have been at the head of the canvass. Mr. Nicholson says Hamilton county will surprise the people of other districts, for the people there have contributed generously to the fund which is to free Earlham from debt and there is more to come. Other pledge cards have been signed and are on the way—and more will be signed. Hamilton county has, in fact pledged more than \$2,500, but the pledges are announced only when the cards are received and filed at headquarters.

The \$1,600 which is credited from Hamilton county today was pledged by six men, making the average pledge more than \$250. There were two pledges of \$500, one of \$200, two of \$150 and one of \$100.

Reports from other districts in which the canvass is going on indicate splendid success.

## NAILS HIS COAT TAIL TO ROOF

Lon Link has been one of the most industrious volunteer workers on the tabernacle. This morning he was engaged in nailing tar paper on the roof. He started to move over a pace when he found that he was detained for some reason unknown to him. It seemed that the point of detention was his coat tail. Turning to examine, he found that he had nailed his coat tail to the roof. It was necessary to tear the paper loose or take off his coat before he could leave the extremely uncomfortable position. He tore the paper loose and took his coat with him. The rest of the morning he shoveled dirt.

## FRANK PATCHEN

BY THE PATCHEN BOY, 2:10 3/4

Frank Patchen is a dark bay, 15-3 hands high and in his five-year-old form weighs 1200 pounds. While Frank Patchen is strictly trotting bred, he is a typical general purpose horse, sound and a good individual and could learn to go fast with a little training and will show for himself. A nice individual, good mannered and a sure foal getter.

First dam by Roy Wilkes, 2:06 1/4; 2d dam by Allie Wilkes, 2:13 3/4; 3d dam by Tebe, dam of Nellie McCrory, 2:10 1/4; trial 2:05. All three of these dams were big mares, weighing 1200 lbs. or more. Frank Patchen will make the season of 1911 at my farm, on the township line road, 1 mile south of Glenwood and 1 mile west, or 1 mile south of Griffin's Station and 3/4 mile east.

Exercises to be Held Friday

Night.

THE AUDITORIUM ORCHESTRA

The seat sale for the annual commencement exercises of the local high school which will be held Friday night in the Main Street Christian church, opened this morning and from all indications a record crowd for an event of this kind will be in attendance to hear Dr. Francis J. McConnell of DePauw University, who will deliver the address. Dr. McConnell is well known as a public speaker and the people of Rushville are assured of a rare treat. This year, one of the features of the exercises will be the music which will be furnished by the Auditorium orchestra of Connersville. The doors will open at 7:30 o'clock and the program will begin promptly at 8:00 o'clock.

## SOCIETY NEWS

Mrs. Oliver O'Brien entertained a few friends at dinner today, honoring Mrs. Fred McCloud of Chicago.

\*\*\*

The members of the Modern Art club will be entertained at the home of Miss Anna Gilson in East Third street tomorrow afternoon.

\*\*\*

The dance given last night in the Modern Woodmen hall by the Ancient Order of Hibernians was largely attended and proved a most enjoyable affair. Williams and Harrold furnished the music.

\*\*\*

Relatives and neighbors about twenty-five in number, very pleasantly surprised Mrs. Frank Windeler at her home in Jersey City last evening, the occasion being her birthday. A very enjoyable evening was spent. Light refreshments were served.

\*\*\*

The following from a Roswell paper is concerning Rush county people who now live there: The Woman's club gave a welcome to the new comers Thursday evening. The guests of honor were Mr. and Mrs. Andrew Giffin, Newsome, Tompkins, Stites, Mrs. Andrews and son Joe, Mr. Newsome and Mrs. Old and families. Over eighty were present and the address of welcome was given by Col. Elliott. A sumptuous supper was served. The most enjoyable part of the evening's entertainment was the music by the Giffin orchestra.

\*\*\*

Miss Orma A. Innis was hostess at a four course red rose luncheon at her home in North Harrison street today. The red rose was carried out in the table appointments and decorations. At the close of the luncheon the guests were asked to select a rose from the centerpiece and were greatly surprised to find the pictures of Miss Innis and J. Chester Smith of Oklahoma City attached to the stem of each rose. The wedding will take place in the autumn. The guests were Miss Lillian Richter of Carthage, and the Misses Hazel Cox, Ethel Blackledge, Henrietta Coleman, Jessie Monjar, Bernice Anderson and Jeanne Bishop, and Mrs. Mary A. Root.

## AMUSEMENTS

The Star Grand will show in the Airdome tonight. The first picture is a Powers drama entitled "His Mind's Tragedy." The second picture is a Reliance entitled "Pallid Hues in Clouded Skies." It is a strong moral drama showing that the wages of sin is death. It is acted by the Reliance all-star company. The illustrated song is entitled "The Land of the Mocking Bird."

The Palace will show a Lubin feature film, "When Women Strike." It is the story of a strike by the suffragettes. The husbands of the women are left to get their own meals and are in funny situations. The picture is said to be a good comedy and is something out of the ordinary. The other film will be a Selig, "The Mother." It tells of the great sacrifices of a mother for a wayward son and is said to be a very touching picture. A new illustrated song will be sung.

The Portola Photoplay will present a complete change of program tonight. The Essanay film, "The Sheriff's Chum" is a western drama and contains many dramatic situations. The second picture is a Kalem "A War Time Escape." The scene of the picture is during the civil war and shows the lover of a southern girl fighting with the Union army. The film is thrilling throughout and dramatic interest is intense. Charles VanCamp will sing a new illustrated song.

The Vaudet will furnish its patrons with a rare program tonight when three reels of good pictures will be shown. The Bison, "The Warrior's Faith" is an Indian picture in which the Redman's characteristic devotion to his promise is depicted. "The Penalty" is an American drama and is said to be very interesting. "Red Wing's Constancy" is another Bison which is similar to the first one but has a very different and more complicated plot.

### CHAPTER VII.

#### In the Sand Desert.

Suddenly Keith halted, tramping his pony's head sharply about, so that the two faced one another. The wind was rising, hurling clouds of sand into their eyes, and the plainsman held one hand before his face.

"There's no need of keeping up a water trail any longer," he said quietly. "By all the signs we're in for a sand storm by daylight, and that will cover our tracks so the devil himself couldn't follow them. Got a water bag on your saddle."

"I reckon dis am one, sah."

Keith felt of the object Neb held forth.

"Yes, and a big one, too; fill it and strap it on tight; we've got a long, dry ride ahead."

"Whar' yo' propose goin', Massa Jack?"

"To the 'Bar X' on the Canadian. I've worked with that outfit. They'll give us whatever we need, and ask no questions; I don't know of anything in between. It's going to be a hard ride, boy, and mighty little to eat except what I saved from supper."

"How far am it to dis yere 'Bar X'?"

"A hundred and fifty miles as the crow flies, and sand all the way, except for the valley of Salt Fork. Come on now, and keep close, for it's easy to get lost in these sand hills."

Keith had ridden that hundred and fifty miles of sandy desolation before, but had never been called upon to make such a journey as this proved to be. He knew there was little to fear from human enemies, for they were riding far enough east of the Santa Fe trail to be out of the path of raiding parties, while this desert country was shunned by Indian hunters. It consisted of sand hill after sand hill, a drear waterless waste, where nothing grew, and mid the drear sameness of which a traveler could only find passage by the guidance of stars at night or the blazing sun by day. To the eye mile after mile appeared exactly alike, with nothing whatever to distinguish either distance or direction—the same drifting ridges of sand stretching forth in every direction, no summit higher than another, no semblance of green shrubbery, or silver sheen of running water anywhere to break the dull monotony—a vast sandy plain, devoid of life, extending to the horizon, overhung by a barren sky.

They had covered ten miles of it by daybreak, their ponies traveling heavily, fetlock deep, but could advance no further. With the first tint of rose in the east the brooding storm burst upon them in wild desert fury, the fierce wind buffeting them back, lashing their faces with sharp grit until they were unable to bear the pain. The flying sand smote them in clouds, driven with the speed of bullets. In vain they lay flat, urging their ponies forward; the beasts, maddened and blinded by the merciless lashing of the sand, refused to face the storm. Keith, all sense of direction long since lost, rolled wearily from the saddle, burrowed under the partial shelter of a sand dune, and called upon Neb to

### WOMEN'S WOES

#### Rushville Women Are Finding Relief at Last.

It does seem that women have more than their share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when stoop means torture. They must walk and bend the work with racking pains and many aches from kidney ills. Sick kidneys cause more suffering than any other organ of the body. Keep the kidneys well and much suffering is saved. Read of a remedy for kidneys only that is endorsed by people you know.

Mrs. William Merrill, 332 W. Fourth St., Rushville, Ind., says: "For some time I suffered from a weak and painful back and I was also subject to headaches. I had but little energy and the simplest of my household duties was a burden. My husband finally procured Doan's Kidney Pills for me at F. B. Johnson & Co.'s Drug Store and since taking them, my condition has been better in every way. I am grateful to Doan's Kidney Pills for their good work." For sale by all dealers. Price 50 cents. will. Neb was propped up beneath an out-cropping of the bank, which partly protected him from the wind, a mere bulk of a shadow. Keith could not tell whether he slept or not, but made no effort to disturb him. A moment he stared vacantly about into the black silence, and then lay down, pillowing his head upon a saddle. He found it impossible to sleep, the chill of the wind causing him to turn and twist, in vain search after comfort, while unappeased hunger gnawed incessantly. His eyes ranged about over the dull gloom of the skies until they fell again to the earth level, and then he suddenly sat up, half believing himself in a dream—down the stream, how far away he could not judge, there gleamed a steady, yellowish light. It was no flicker of a camp fire, yet remained stationary. Surely no star could be so low and large; nor did he recall any with that peculiarity of color. If such a miracle was possible in the heart of that sandy desert he would have sworn it was a lamp shining through a window. But he had never heard of any settler on the Salt Fork, and almost laughed at the thought, believing for the instant his brain played him some elfish trick. Yet that light was no illusion; he rubbed his eyes, only to see it more clearly, convinced now of its reality. He strode hastily across, and shook Neb into semi-consciousness, dragging him bodily up the bank and pointing down the stream.

"Do you see that?" he inquired anxiously. "There, straight ahead of you!"

The negro stared, shaking with cold, and scarcely able to stand alone.

"Maybe I am de moon, Massa Jack," he muttered, thickly, "or a goblin's lantern. Lawd, I don't jest like de looks ob dat ting."

"Well, I do," and Keith laughed uneasily at the negro's fears. "All I wanted to know was if you saw what I saw. That's a lamp shining through a window, Neb. What in heaven's name it can be doing here I am unable to guess, but I'm going to find out. It means shelter and food, boy, even if we have to fight for it. Come on, the horses are safe, and we'll discover what is behind that light yonder."

### HAD INTENT BUT LACKED ABILITY

Owes Freedom to "Present Ability" Rule of Law.

### HOTEL CLERK IS ACQUITTED

Charged With Shooting With Intent to Kill, Whit Johnson Was Dismissed by Court on Ground That Though He Evidently Harbored Intent, a Door Between Him and Intended Victim Precluded Ability to Kill.

Washington, Ind., May 24.—Whit Johnson, aged sixty-four, day clerk at a hotel, owes his freedom to the "present ability" rule of law laid down by the higher courts of Indiana. Following a trial in the circuit court on an indictment charging that he had fired two shots from a revolver at L. W. Howard of Odon, with intent to kill Howard Johnson, was acquitted by Judge J. W. Ogdon on the ground that, while he doubtlessly harbored the intent, he did not have the "present ability" to inflict the injury charged by the indictment, because Howard was protected by a door. Johnson opened fire with a revolver after Howard had assaulted him with a carpenter's plane, according to his testimony.

### CHAMPION JAIL RECORD

Warsaw Man Had Been Arrested More Than a Thousand Times.

Warsaw, Ind., May 24.—Peter Evans, aged sixty-three, who was once wealthy but has for many years lived alone in a small shack on the shore of Pike lake, is dead. His body was found at the bottom of a stairway under circumstances that have caused the police to start an investigation on the theory that he was murdered.

The police records show that Evans was arrested more than 1,000 times for intoxication or disorderly conduct. He spent more than half of the last twenty-five years serving sentences in jail and his misconduct was always described as drunkenness or disorder that followed his spree.

### AN EQUINE DETECTIVE

Horse Brings Back Man Who Had Taken It From Hitchrack.

Hartford City, Ind., May 24.—Old Ned, the family horse owned by Guy Strait, a Blackford county farmer, was stolen from the hitchrack at Montpelier by Frank Wetrick, who lost his way and was hauled to Strait's home by the horse.

The driver succeeded in getting out of the Strait barnyard with the horse, but he was overtaken by the sheriff, who was directed by Mrs. Strait after she saw the horse with a strange driver. Wetrick pleaded guilty to horse stealing in the city court.

### RARE OLD MONEY

What Was Revealed in Search of Robert Craig's Home.

Bedford, Ind., May 24.—Search of the home of Robert Craig, an eccentric man, who lived alone near Silverville, has disclosed coins, banknotes of various denominations, a quantity of script of the variety that was plentiful in the civil war period, and a number of foreign pieces. Craig had hidden hundreds of dollars in his clothing, books, the crevices of his house, and in dishes. Nearly \$2,000 in old script and coin has been found, among which are numerous rare pieces.

### Growth of Indiana Masons.

Indianapolis, May 24.—About 650 members of the Indiana grand lodge of Masons are gathered at the nineteenth annual meeting of the lodge at the Masonic temple. Grand Master William Ridley of Corydon pointed out that the last year had been the greatest in the history of Masonry in this state in increase in membership. The net increase in the order in Indiana during 1910 was 2,789, making a total of 57,499 members of the Free and Accepted Masons in this state at the beginning of this year.

### Switches on Minister's Doorstep.

Washington, Ind., May 24.—The colored residents of Washington are excited over the finding of a note and a bundle of switches at the house of the Rev. Warren Nichols, a colored minister. The note accompanying these switches which were left on a side doorstep of the Nichols home, said he must settle up his business and make a will.

### The Deadly Live Wire.

Bedford, Ind., May 24.—While helping to move a derrick at the Doyle quarry, Frank Douch, an employee, was instantly killed. A live electric wire came in contact with a cable which he was holding.

### Thief Worked Combination.

Decatur, Ind., May 24.—Burglars robbed the safe at the Decatur Produce company of \$200. The safe had been opened by the combination.

### Fatal Mine Accident.

Linton, Ind., May 24.—Peter Greenwood was instantly killed by being run over by an electric motor in the Shirley Hill mines.

## WILL LET THEM DECIDE MATTER

Arizona People to Settle Recall Question Themselves.

### FLOOD RESOLUTION IS PASSED

By a Vote of 214 to 57, Thirty-Three Republicans Voting With the Democrats, the Resolution Admitting the Territories to Statehood Passed the House, With Proviso Leaving Recall Proposition to the People.

Washington, May 24.—The house of representatives, by a vote of 214 to 57, adopted the Flood resolution admitting the territories of Arizona and New Mexico to statehood. The resolution itself was passed without division, the record vote occurring on a motion by Representative Mann, the minority leader, to recommit the resolution to the territories committee with instructions to report a substitute providing for the immediate admission of New Mexico under the constitution approved by its people and of Arizona upon the elimination from its constitution of the provision for the "recall of the judiciary." Thirty-three Republicans voted with the Democrats against the Mann motion.

The resolution as passed, however, proposes an amendment to the Arizona constitution providing that the judiciary of the new state shall not be subject to recall by popular vote. This amendment is not mandatory and is merely proposed for submission to the electors of Arizona for their ratification or rejection at its first general election for state and county officers. If the majority of the electors accept the amendment, the much discussed judiciary recall provision will be stricken from the constitution, but if the amendment is turned down Arizona may enter the Union with its recall provision without further action by the house of representatives.

The Democratic house thus indirectly accepted the recall plan. The only advantage gained by the opponents of the recall of the judiciary is the fact that the people of Arizona will have a chance to vote on this important question as a single proposition. The Arizona electors when they voted upon it the first time were obliged to accept it or reject the entire constitution. President Taft and many other federal officers are hopeful that the result will be different when the proposition is submitted alone on its merits or rather demerits.

The resolution now goes to the senate and the president also will have to approve it before Arizona is admitted to the Union.

### A MILITARY UNION

Late Enemies Now Fighting Side by Side in Mexico.

El Paso, Tex., May 24.—The first instances of military co-operation between the federalists and insurgents, now at peace according to treaty, will be the capture of Las Vacas, now in the hands of a band of Magonistas. A message was received from Ernesto Madero, who lives at Monterey, that the town of Los Vegas, nearby, had been captured by the followers of Magon, the Los Angeles prophet. Madero said that a detachment of federalists was marching on the town, and he asked that orders be sent back to a large body of insurgents in the vicinity that they co-operate with the soldiers against the common foe, attacking the town side by side. The rebels have been ordered to assist the federalists in any way possible.

Ernesto Madero, who made this request, has accepted his appointment as minister of finance for Mexico. He is an uncle of Francisco Madero and head of the entire Madero interests in Mexico.

### Pioneer Bloomerite Dead.

Geneva, N. Y., May 24.—Elizabeth Smith Miller, aged eighty-nine, is dead at her home here. She was a pioneer in the woman suffrage movement, and introduced the bloomer costume, which was later worn by Mrs. Bloomer of Seneca Falls, who gave it its name.

### Relief Expedition Enters Fez.

Paris, May 24.—Official information has been received here that Brulard's relief column entered Fez on Sunday without being compelled to engage the tribesmen in battle. All Europeans were found to be safe.

**JOHN BIGELOW**  
President of New York Library Association.

## NEW YORK NOW HAS GREATEST LIBRARY

Magnificent Institution Dedicated By the President.

New York, May 24.—The building at Fifth avenue and Forty-second street, where the Astor, Lenox, Tilden and city collections are now housed, was dedicated yesterday afternoon by President Taft, Governor Dix, Mayor Gaynor and a company of distinguished guests.

It has cost the city \$9,000,000 to transform the old Bryant park reservoir into a palace for readers. It has been fourteen years since the legislature passed an act providing for the building. It took eight years and seven months to complete the library building after the cornerstone was laid. As it stands, the library represents the most modern and scientific methods of arranging volumes and accommodating not only the general reader, but the student in special research. And any "unobjectionable person," as the regulations say, may take advantage of these riches without cost.

The venerable John Bigelow is the president of the New York public library. In his address President Taft said that this library "accomplishes so much more in the popular dissemination of knowledge than any other library in the world that the men who conceived the plan and who had the energy, tact, patience and knowledge with which to execute it are those whom I would congratulate."

### EXILED FROM TOWN

Shelby County Man Must Not Enter County Seat For Two Years.

Shelbyville, Ind., May 24.—Edward Smith, a blacksmith, living in Hendricks township, signed an agreement in city court to the effect that he would not visit this city in the next two years. He had been arrested for intoxication. He paid a fine of \$100 and received a jail sentence of three months, which was suspended on his promise that he would leave the city.

### Tobacco Trust the Defendant.

Raleigh, N. C., May 24.—Judge Connor, in the United States court, has set June 13 for the trial of the anti-trust suit for \$1,000,000 damages against the American Tobacco company by the now defunct Ware-Kramer company, a cigarette manufacturing firm of Wilson, N. C., and Norfolk, Va., which alleges it was "unreasonably" driven into bankruptcy by unfair business methods of the alleged trust.

### A Boy and a Gun.

Carmi, Ill., May 24.—Mrs. Sarah Dodd, aged seventy, was instantly killed near Taylorville by Charles Dodd, her six-year-old grandson. The little fellow was playing soldier boy, using an old shotgun that was not believed to be loaded. He pulled the trigger, after taking aim at his grandmother, and she was killed.

### Double Murderer Lynched.

Nashville, Tenn., May 24.—Judge David F. Barry of the Sumner county bench interfered in a quarrel between his cook and a negro named Sweat. Sweat killed the cook, then, turning the gun on Judge Barry, instantly killed him. Sweat was finally captured by officers, but a mob later got hold of him and lynched him.

### Heresy Decision Due Today.

Atlantic City, N. J., May 24.—Both sides have rested their case in the heresy trial of the Rev. William Grant of Northumberland, Pa., before the judicial committee of the Presbyterian general assembly, and today the committee will make its final decision and hand in its verdict to the assembly.

### It Was a Mistrial.

Terre Haute, Ind., May 24.—The jury disagreed, nine to three, in favor of the acquittal of William Sappington, former trustee of Honey Creek township, who was accused of attempting to kill John Guiley, an aged farmer, who was called to his door at night and shot.

## CARRYING FIGHT UP TO CONGRESS

Warring Detective Agencies Going Higher.

### POSTAL INSPECTORS INVOLVED

The Perkins Agency Alleges That Postoffice Officials Who Recently Caused Arrest of Heads of That Agency are Interested in the Burns Agency, and Charge Conspiracy to Discredit the Complainant Agency.

Pittsburg, May 24.—In a petition prepared by the attorneys for G. E. Perkins, H. H. Perkins, W. W. Perkins, Charles Franklin, A. Thomas and John J. Drew, asking congress to make an investigation of the inspectors, sensational charges against United States postoffice inspectors are made. Attorneys C. A. O'Brien and Frank Thomson have gone to Washington, taking the petition with them, and will have a congressman from Pittsburg introduce it.

The charges are the result of the arrest of Gilbert B. Perkins and Walter W. Perkins in Indianapolis, and Charles Franklin in Philadelphia by postoffice inspectors. The most serious charge made by the Perkinses is to the effect that many of the inspectors are peculiarly interested in the W. J. Burns detective agency in New York, and it is alleged the story to the effect that the Perkins agency attempted to blackmail C. Strong of Erie, Pa., was for the purpose of ruining the Perkins Union Detective agency.

Allegations of a conspiracy are made by the Perkins agency against the following postoffice inspectors: Frank O'Brien, New York; W. C. Ela and W. F. Cleary, Indianapolis; Walter Corkson, Columbus; E. F. Hutches, Urbana, O.; James Woltz, Parkersburg, W. Va.; G. V. Craighead, Pittsburg; J. F. Cortelyou, John F. Oldfield, Albert E. Furness and W. S. Ryan of Philadelphia, together with John E. Washer of Pittsburg, a secret service operative.

The Perkinses ask that congress investigate the inspectors, and they allege they can adduce proof to prove their contention that the inspectors named conspired to further the interest of the Burns agency to the discredit of the Perkins agency. The Perkinses cite thirty-three years of service and give a detailed history of the robbing of the Strong mausoleum in Erie.

### TOOK IT TO HEART

Young Girl Hangs Herself Because Parents Barred Lover.

Clarksburg, W. Va., May 24.—Mrs. William Jarvis of Jarvisville, discovered the body of her daughter, Levie, aged sixteen years, dangling from a tree a few hundred yards from their home. The young girl some time during the night climbed a tree, fastened three feet of rope to a limb and her neck and jumped off. It is stated that the cause of the girl's suicide was parental objection to her receiving the attentions of a young man of the neighborhood.

### Another Boy Drowned.

Jasper, Ind., May 24.—Harry Campbell, aged ten, was drowned here while swimming.

### REMONSTRANCES OF NO VALUE NOW

Two Are Filed Against Petitions to Improve First and Perkins Street With Brick.

### COMMISSIONERS NOTE FACT

The commissioners met late yesterday afternoon and noted the fact that two remonstrances had been filed against the petitions to pave Perkins and First streets with brick. No action on the remonstrances was necessary as the commissioners have long since held that the two petitions were invalid on account of the lack of a sufficient number of signatures. This was due to the fact that a number withdrew The Perkins street remonstrance was entitled Frank Keeley et al and contained sixty-seven signatures. The other was entitled J. W. Kirkpatrick et al and contained the signatures of one hundred and seventeen persons. The petitioners have appealed to the circuit court. The commissioners transacted no other business.

The case of J. E. Nebley against Hyman Schatz for a claim amounting to \$34.20, was ordered by Judge Blair to be sent to Decatur county on a change of venue. It is the celebrated apple case which was started in Squire Kratzers court.

New Castle Courier: They say that since the waterworks shuts down at night everybody at Rushville bathes in the daytime and gets sundried to save laundrying.

### MUCH REAL ESTATE SOLD DURING WEEK

Property Amounting to Approximately \$50,000 Has Changed Hands All Over County.

### MANY CITY LOTS DISPOSED OF

Real estate deals in which the price has been recorded in the transfers for the last week show that \$37,529 worth has changed hands. There are a number of other large deals in which the sum paid is not mentioned. The largest land deal of the week was the sale of an undivided three-eighths of two hundred and twenty-four acres in this township by Hazel M. Readle and others to Carl A. Readle and others for \$11,365. There were a number of big lot sales in this city, all of them bringing good prices. There was a noticeable lack of transfers for lots in the Stewart & Tompkins addition to Belmont this week. In weeks past they have been numerous.
